Let Us Guide You How to
Meet Amazon Testing Requirements

UNITED STATES OF AMERICA
CONSUMER PRODUCT
SAFETY COMMISSION

Amazon has strengthened the mandatory testing requirements. All products must be tested and got reports issued by CPSC accredited laboratories. Recently, many products have been taken down from Amazon product listing due to fail to comply with the requirements.

As an U.S. CPSC (Consumer Product Safety Commission) accredited testing laboratory,

STC provides a wide range of testing services that fulfil Amazon's requirements quickly and cost-effectively.
